ZERO BEAT is published monthly in the interest of the the members of the Pikes Peak Radio Amateur Association Inc., Colorado Springs, Colorado. Permission is given to reprint articles or excerpts provided credit is given. Deadline for submission of articles is the 21st of the month. Classifieds accepted anytime.

The Pikes Peak Radio Amateur Association meets on the second Wednesday of each month at Giuseppe's Depot Restaurant at 105. Sierra Madre at 7:30 p.m. All amateurs and interested parties are invited to attend.

Editor: Frank Drake KL7IPV, 4964 Harvest Rd. Colorado Springs, CO 80917 597-2406

MINUTES OF THE August 13th BOARD MEETING

The board meeting was held at Mike's, KØTER, on Aug 13. Present at the meeting were: Mike, Frank, KL7IPV; Jake, NØCYR; Doc, WØMCT; Al, NØCMW; Bill, KQØH; Les, KCØNC; Mark, NØEPF. The meeting was called to order at 7:40 PM.

Discussion took place concerning Torp McMahan's proposal involving the PPRAA with the Senior Citizen's Center to be constructed in the next year. The club has been asked for input that will help in the construction to enable them to include a room for a club station and a meeting room. Al will get together with Torp and give the input as resulted from the discussion. At this time it is informal and will involve the club more in the future.

Nomination reccomendations for new officers was discussed. More will be brought up at the regular meeting.

Bill, KQØH, wished to discuss hams and their involvement with helping the local police in reducing the amount of traffic violations that occur on the city streets. After the discussion, Bill made a motion that the hams make an effort to report obvious traffic violations that they see to the police and that if this motion passes, the motion be presented to the membership for vote. Motion was defeated by a vote of 5 to 3.

ARES was brought up by Jake. Jake requested that the club write a letter of support for the ARES. The letter to contain a club commitment to provide assistance to ARES in time of need (emergencies). Seconded by Les. The motion passed on a vote of 6 to 0 with 2 abstaining.

Les reported on the picnic. There were approximately 50 people in attendance. The total cost for the picnic was \$150.28. The Nat'l Guard had two mobil units with generators there for the members to look over. Thanks to Mark, WB9NFE.

Mike moved that the non-officer board members serve as greeters at the door at each club meeting on a rotating basis. Seconded by Jake. Passed unanimously.

Discussion concerning the By-laws followed with input to the committee for consideration during the committee's next meeting.

Being no further business, the board meeting adjourned at 10:40PM.

Respectfully submitted, Mark, NØEPF

RAMBLINGS

FROM AROUND THE WORLD OF AMATEUR RADIO

From the Anchorage A.R.C. comes this. It is a letter from Bill Orr, W6SAI.

SINGLE LETTER BEACONS

We have received a plea from Bill Orr, W6SAI, for some help in trying to solve a puzzle that has confounded hams in the states for over a decade. This is the matter of the Single Letter Beacons (SLB's). They show up in & out of the bands. No one knows where they are located, what their purpose is, or to whom the transmissions are intended. It is thought the K beacon is in Siberia. If so, it should be plenty loud in Alaska. Perhaps the U beacon is in Europe. No one has a "handle" on the CW beacons.

Bill would appreciate some monitoring done on any of the frequencies listed below. Time of day & signal reports are appreciated. If you have DF capability, that would be of help also. Bill reports that they hear the 3978 & 4006 beacons early in the morning and the 9043 beacon is strong until at least noon. The 18342 beacon is heard in the evening. K beacons are stronger than the U beacons. The CW beacons are rather weak.

Please let Bill know if you hear or can make some sense out of this puzzle. He will have something about these signals in a forthcoming issue of HAM RADIO magazine. Please send your reports to: William I. Orr W6SAI

48 Campbell Lane
Menlo Park, CA 94025

SINGLE LETTER BEACONS (SLB's)

- Type 1. The "K" Beacon. This RTTY beacon is a steady carrier, with the FSK letter "K" repeated about every 3 or 4 seconds. The shift is 1000 Hz. On occasion, the K sequence is broken and a series of 5-number code groups are transmitted. Observed frequencies are: 2844, 3978, 4006, 4522, 5181, 5920, 7906, 7956, 8021, 8158, 9043, 10570, 11155, 12150, 14478, 18086, 18342, 18349, 22310, & 28956.
- Type 2. The "U" Beacon. Also an FSK beacon, with characteristics as are listed above. The observed frequencies are: 4403, 4448, 4466, 6245, 7570, 8137, 8218, 8671, 9058, 10211, 10216, 11210, 12185, 12195, 12329, 13328, 15657, & 15700.
- Type 3. The CW Beacon. These beacons appear in groups of four (4) at a time, spaced about 1 kHz apart, each sending a different letter. Letters are changed quite frequently. Most commonly used letters are: K, F, O, X, D, S, L, C, and 2 cyrillic characters. Beacons are also grouped about these observed frequencies: 5307, 6802, 8646, 10645, 11293, 13636, & 17017.

(all frequencies are + or - 2 kHz.)

COMPUTER CORNER

FROM THE DESK OF YE OLDE EDITOR

Well, I finally made up a masthead for this column. So it'll be much easier for you computer types to find. As promised, although a bit late, I'll list the boards in town this time.

PHONE #	BOARD NAME	COMP. TYPE
632-0669	COMPUTER FARM	ALL
632-3391	ELECTRONIC COTT.	ALL
578-9406	SMART NET	ALL (ROLE PLAYING GAMES)
475-0648	COMP. DYNAMICS	ALL - PRIMARILY KAYPRO
591-8673	CITADEL COMP.	ALL - PRIMARILY KAYPRO
392-7510	ACADEMY COMP.	ATARI, T.I., CPM
576-2499	PETULA	ALL
598-4662	RBBS	ALL
578-5405	MODEM TIMES	COMPUTER MAGAZINE-REQUIRES MEMBERSHIP

All the listed boards are open boards that are either privately owned or are sponsored by a business here in the springs. Some are geared more to one type of computer rather than another, but access and operation is open to all. You may be required to subscribe to one or two, but the SYSOP's do that only to have some control over the people who use the boards. The boards can be fun and also informative, but it only takes one "hacker" to screw it up for everyone.

I have had offers of programs listings for this issue from three different people, but as of this writing (I'm early) I haven't received them. I don't know what the program will be this time, so look for it and enjoy. I would like some feedback from those of you trying to use the listings so that I know whether or not my programs are running on other machines. For those of you who are not familiar with my machine, it is a Kaypro 4/84 with Dbl side/Dbl density drives and 64K of memory. It also has a built in modem and Centronics printer interface that is driving a Smith-Corona "TP-1" printer (types this newsletter every month). I use a Wordstar word processor to put the newsletter together. I also will start, this month, another column to keep you advised of what is happening in other areas. Look for " RAMBLINGS ", and I hope you find it informative. If you get newsletters from other clubs, let me look through them, there maybe things in them to interest other club members. 'Til next month, 73. KL7IPV

TAB BOOKS

The regular meeting of the Fikes Peak Radio Amateur Association was called to order August 8, 1984 at 7:30 p.m. The meeting was at Giuseppe's Depot. There were 61 members and guests present.

After introductions, Malcolm, KE9S, presented a program concerning packet radio. The video tape he showed gave an excellent overview/update on just what packet radio is and what is needed to get involved. Many people are apparently finding this is an excellent means of communication. Thanks and appreciation are extended to Malcolm for the well put together presentation.

Regular business was conducted after the break. Committee updates were presented. Ron, KC7QJ, is our new volunteer for the RFI committee and will take over Leo's duties. Several items were presented from the Colorado Council of Amateur Radio Clubs (CCARC). They are wishing to issue a new call directory for Colorado. This is rather a large project and will need the individual help of all the member clubs. They also indicated a bid for the 1985 Rocky Mountain Convention will be presented to those that decide such things; and a bid for the 1988 National Convention will also be forthcoming.

In other business, Mike, KØTER, was looking for help on the Woodland Park Enduro which was moved forward a month to August 19. The club picnic was to be held August 12 at the Black Forest Pavillion. Volunteers are needed on both the Bylaws committee and the Swapfest committee. The work will not take that much time and can be beneficial to the purposes of the club. (Surely, someone has one night a month to spare..?) Also, Frank, KL7IPV has said no input has been forthcoming as regards the Swapfest. His committee would greatly enjoy hearing some suggestions on how it can be improved.

Les, KCØNC, presented the treasurer's report. On July 11 the balance was \$1866.20. Income was \$106.05 and expenses were \$225.31 leaving a balance currently of \$1746.94

Al, NØCMW, presented a letter he had received which indicated a new senior citizen's center was scheduled to be constructed at Golf Acres Shopping Center. The letter suggested the possibility of including a meeting room for the club and also a room for a club station. The people involved would like input before construction begins. Leo moved that we pursue this opportunity with haste. The motion was seconded and passed on voice vote.

There being no further business before the group, the meeting adjourned at 9:30 p.m. The next regular meeting will be September 12, 1984.

Respectfully Submitted,

Mark, NØEPF, secretary

The ~~Board~~^{oard} of The Pikes Peak Radiom Amateur Association was called to order July 16, 1984 at 7:40 pm. Present were Bill KQOH, Mike, KØTER, Les, KCØNC, Frank, KL7IPV, Al, NØCMW, Doc, WØMCT, Jake, NØCYR, and Mark, NØEFF.

Bill moved the the club give up to \$200 for the purchase of picnic food. Frank seconded and the motion passed unanimously. The picnic is scheduled August 12 and the club will provide hamburgers, hot dogs, roasting ears, pop, and other refreshment. Talk in will be on 146.52. The picnic should include only members and their family.

Jake moved and Mark seconded the Les be allowed to continuously purchase mailing labels as they are needed. The motion passed unanimously. Previously, Les had to get approval each time labels were needed which was inconvenient.

Frank, Leo, Les, E.J., and Malcolm will be serving on the Bylaws Committee. A discussion of the Bylaws followed.

The equipment sale was cancelled due to a Bylaw rule.

Bill indicated a need to resign from the Swapfest committee.

Newsletter articles need to be in by the first of the month.

There being no further business, the meeting was adjourned. The next meeting will be August 13 at Mike's.

(Secretary's note: I apologize for missing last month's Ø Beat. Things got a bit out of hand last month.)

Respectfully Submitted
Mark NØEFF, secretary

The regular meeting of the Pikes Peak Radiom Amateur Association was called to order July 11, 1984 at 7:30 pm. There were 47 members and guests present. Charlie, KCØTI, presented the program on 2-meter teletype and its possibilities. A belated, sincere thanks to Charlie for his efforts.

In regular business, Les, KCØNC, reported the treasury had an income of \$88.00 and expenses of \$478.68 leaving the club a balance of \$1866.20.

A motion was made to have a draft of club Bylaws available by the October meeting. The motion passed 12 to 11.

Mark, WØNFE, volunteered to serve as publicity chairman. This is an important position and one which the club feels is much needed. Thank you Mark.

Mike, KØTER, reported that Field Day went fairly well. There was a Good but not large turnout. Thanks especially to the cooks over the weekend. The cw station made 817 contacts. Novices contacted Japan and Argentina!

There being no further business, the meeting adjourned at 9:17 pm. The next meeting will be August 8, 1984 at Giuseppe's.

Respectfully Submitted
Mark, NØEFF, secretary

8 AUGUST 1984

PIKES PEAK RADIO AMATEUR ASSOCIATION

CONSTITUTIONARTICLE IORGANIZATION

- Section 1: The name of this organization shall be PIKES PEAK RADIO AMATEUR ASSOCIATION INC., hereinafter referred to as the Club.
- Section 2: The Clubs principal office shall be located in Colorado Springs, El Paso County, Colorado
- Section 3: The general nature, purposes, objectives, and goals of the Club shall be:
- A. Voluntary and conducted as a non-profit organization
 - B. To organize, promote, and maintain a recognized program of training, study, research, operation, and evaluation in the techniques, arts, and sciences of radio and associated means of communication; the construction, operation, and maintenance of radio and associated equipment of whatever kind that may be an adjunct to the activities of the Club and/or its members, and the education and training of its membership and others in such techniques, arts, and sciences.
 - C. To make available to any individual, organization, or agency the services of its members, equipment, and knowledge in any activity determined by the Board of Directors to be of value to all parties concerned.
 - D. To provide regular opportunities for recreation and social interaction for members and their families and friends.
 - E. To provide an organized, comprehensive plan to promote, assist, protect, hold, save, and defend the interests and rights of the Clubs membership both individual and collective, in matters pertaining to Amateur Radio.
 - F. To develop a favorable understanding and relationship between its members and the general public and other specialized groups whose objectives are compatible with those of the Club and can be complemented by the activities of the Club.

ARTICLE IIMEMBERSHIP

- Section 1: Membership in the Club is open to any person who agrees to support the purposes of the Club as outlined in Article I.

8 AUGUST 1984

ARTICLE III

BOARD OF DIRECTORS

Section 1: The BOARD OF DIRECTORS shall consist of eight (8) members.

ARTICLE IV

OFFICERS

Section 1: The Officers of the Club shall be President, Vice President, Secretary, and Treasurer. Their duties shall be as outlined in the BY-LAWS

ARTICLE V

MEETINGS

Section 1: Meetings of the General Membership shall be held as set forth in the BY-LAWS.

Section 2: The BOARD OF DIRECTORS shall meet at least monthly.

ARTICLE VI

COMMITTEES

Section 1: Committees are determined, created, and terminated as outlined in the BY-LAWS.

ARTICLE VII

AMENDING THE CONSTITUTION

Section 1: This Constitution may be amended by a two thirds (2/3) majority of the Full Members, as defined in the BY-LAWS, present at any General Membership or Special meeting, provided that proper notice, as defined in the BY-LAWS, has been given.

TRY MERGING THIS SHORT PROGRAM WITH THE 'QSL' PROGRAM I PUBLISHED A FEW MONTHS AGO.

 MEETING MEETING MEETING MEETING MEETING MEETING MEETING MEETING
 The next regularly scheduled meeting of the Pikes Peak Radio Amateur Association
 will be held on Sept. 12th at 7:30 PM at Guiseppe's Depot . The address is: #10
 S. Sierra St. (almost directly behind the Antlers Hotel.) Discussion will be
 focused on officer nominations rather than a formal program that night.
 If you have someone in mind that you wish to see run for an office, that is the
 to bring it up. This club has many people to fill the positions, let's get them
 activated. If you are interested in an office, let the nominating committee know.
